Mr. Kenneth M. Adams
Ranchos de Taos
New Mexico

Dear Mr. Adams:

Thank you for your letter of April 17. The voucher covering your final payment for your mural in the Goodlands, Kansas Post Office has been received in this office and forwarded to the Division of Accounts and you should have your check in the very near future.

I am happy to learn that you were able to see your mural on your recent trip and that you were pleased with the general effect. We are confident that it is an excellent piece of work and I look forward to seeing it myself.

The Phoenix sketches have been considered by the members of the Section together with the Supervising Architect and the recommendations of the local committee and while you are not one of the winners I wish to say I was much impressed with your designs when I first reviewed the sketches not knowing what artist had submitted the work.

Cordially yours,

Edward B. Rowan, Superintendent
Section of Painting & Sculpture
